

## **Post Hole Borer Comprehension Test**

- Why should you not wear loose fitting clothes or neck ties when using a post hole borer?
  - A You would look silly wearing a tie on the orchard.
  - B Loose clothing might get caught up in the auger causing injury.
  - C You might get too hot.
  - D You could trip over the loose material.
  
- Why should you not run the engine in an enclosed space/area?
  - A It is too noisy.
  - B The engine might get too hot.
  - C The fumes from the engine can cause drowsiness or death over time.
  
- Should hearing protection be worn when using Borer?
  - A Only if the noise bothers you.
  - B Yes, it is recommended.
  - C No.
  - D Only if you are using the borer for a long time.
